

# Molecular Biology of Fungi

13<sup>th</sup> Symposium of the VAAM Special Group "Biology and Biotechnology of Fungi"

1<sup>st</sup> joint meeting with the GeneAG "Fungal Genetics" of the German Genetics Society

September 19<sup>th</sup>, 2019

14:00 Registration
16:00 Welcome address
<b>16:10 Plenary lecture 1 Bart Thomma, Wageningen University, NL</b>
<b>16:50-18:10 Session 1 Plant pathology</b>
<b>18:10 Get together finger foods and drinks</b>
<b>Poster Session 1</b>

September 20<sup>th</sup>, 2019

<b>8:30 Plenary lecture 2 Samara Reck-Peterson Department of Cellular and Molecular Medicine, University of California San Diego, USA</b>
<b>09:10-10:30 Session 2 Cell Biology</b>
<b>10:30 Coffee Break</b>
<b>11:00 Plenary lecture 3 Gregory Jedd Temasek Life Sciences Laboratory, National University of Singapore, Singapore</b>
<b>11:40-13:00 Session 3 Multicellular Development</b>
<b>13:00 Lunch</b>
14:00 Poster session 2
<b>16:00 Plenary lecture 4 Xiaorong Lin, University of Georgia, USA</b>
<b>16:40-18:00 Session 4 Pathogenesis of Infectious Disease</b>
<b>18:00 Dinner Talk evtl. Ulrich Kück Ruhr,-Universität Bochum Bochum</b>
<b>19:00 Conference Dinner</b>

September 21<sup>st</sup>, 2019

<b>8:30 Plenary lecture 5 Raymond John St. Ledger, University of Maryland, USA</b>
<b>09:10-10:30 Session 5 Sensing the environment</b>
<b>10:30 Coffee Break</b>
<b>11:00 Plenary lecture 6 Luis F. Larrondo P. Universidad Catolica de Chile, Chile</b>
<b>11:40-13:00 Session 6 Sensing and signaling</b>
<b>13:00 Poster prizes and end of the event</b>
