

Molecular Biology of Fungi

13th Symposium of the VAAM Special Group "Biology and Biotechnology of Fungi"

1st joint meeting with the GeneAG "Fungal Genetics" of the German Genetics Society

September 19th, 2019

2:00 pm	Registration
4:00 pm	Welcome address
4:10 pm	Plenary lecture 1: Bart Thomma, Wageningen University, NL
4:50 pm -	Session 1 Plant pathology
6:10 pm	
6:30 pm -	Get together finger foods and drinks
8:30 pm	Poster Session 1

September 20th, 2019

8:30 am	Plenary lecture 2: Gustavo H. Goldman, Universidade de São Paulo, São Paulo, Brazil
9:10 am -	Session 2 Cell Biology
9:50 am	
9:50 am	GZMB Lecture: Neil Gow, University of Exeter, GB
10:30 am	Coffee Break
11:00 am	Plenary lecture 3: Gregory Jedd, Temasek Life Sciences Laboratory, National University of Singapore, Singapore
11:40 am -	Session 3 Multicellular Development
1:00 pm	
1:00 pm	Lunch
2:00 pm	Poster session 2
3:30 pm	Coffee Break
3:55 pm -	aquila biolabs GmbH: „Online biomass monitoring and automated feeding for filamentous shake flask cultures“
4:00 pm	Plenary lecture 4: Xiaorong Lin, University of Georgia, USA
4:40 pm -	Session 4 Pathogenesis of Infectious Disease
6:00 pm	
6:00 pm	Dinner Talk: Ulrich Kück, Ruhr-Universität Bochum, Germany
7:00 pm	Conference Dinner, Mensa am Turm

September 21st, 2019

8:30 am	Plenary lecture 5: Raymond John St. Leger, University of Maryland, USA
9:10 am -	Session 5 Sensing the environment
10:30 am	
10:30 am	Coffee Break
11:00 am	Plenary lecture 6: Luis F. Larrondo, Universidad Catolica de Chile, Chile
11:40 am -	Session 6 Sensing and signaling
1:00 pm	
1:00 pm	Poster prizes and end of the event
